

Over 3.54 crore FASTags issued so far, says govt.

SPECIAL CORRESPONDENT

NEW DELHI

More than 3.54 crore FASTags have been issued in the country, the government has told Parliament recently.

“After declaration of all lanes as FASTag lanes, the overall FASTag penetration has reached approximately 96%, from 80% on February 14, 2021,” Union Minister for Road Transport and Highways Nitin Gadkari said in a written reply in the Lok Sabha.

The FASTag works with the electronic payments systems developed by the National Payments Corporation of India (NPCI).

It uses the RFID technology to automatically collect payments at the toll gates without the vehicle having to stop or make payments in cash.
